

# January 2026 Newsletter

With the cold winter weather, we in Little Learners have been getting ready for the Winter Olympics. Discussions about ice skating and skiing on snow.

In Little Explorers, we have been cooking. We visited our local greengrocers to get our ingredients needed to make soup. We have been using our new knives helping chop our fruit at snack time and our vegetables for our soup.

Experimenting with ice. Frozen blocks of ice have been created and our Little Learners have been decorating with paint.

All things sensory. Little Stars have been exploring sensory trays with many opportunities to explore many textures, smells, sound & taste. These activities also encourage curiosity for our Little Stars to explore further.

# Dates for your Diary!

Open Day Saturday 28<sup>th</sup> February

Spring term half term break

Term time only

Monday 16<sup>th</sup> – Friday 20<sup>th</sup> February
